

**Transvaginal Ultrasound Chaperone Request Form**

A chaperone is not routinely present at the time transvaginal ultrasound is performed, but patients have the right to request the presence of an **additional member of our healthcare team** during their transvaginal ultrasound.

Please indicate below your preference regarding the presence of a chaperone. You may change your decision at any time during the course of your treatment by telling the sonographer, physician or a member of the front desk staff.

**I have been advised that a chaperone is available for my transvaginal ultrasound and:**
